

9. On what pages does the site use Vue.js? Given more time do you think you would use Vue on every page?

- On the first Index, or Home page I've used view as a list of regions of the world I would like to travel to. - I made too inefficient of a site

10. How does the site update the DOM? What pages show examples of updating the DOM?

- In the Vue - show/hide the DOM is updated so I would like to do more

11. Does the site include extra credit, including: PHP, Database, Flexbox, Grid, CSS Media Queries or AJAX. Please explain.

File list:

bootstrap.

Grid.

Media Queries.

Flexbox.

bootstrap.

Dom: risk.js f
How - b - Invest
fdo/131.js.

Assets: boolean.jpg

- upload app.vue as well.
